APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use and point of diversion of five-twelfths of the waters of Illipah Creek heretofore granted by virtue of a decree entered in the District Court of White Pine County, May 16, 1887, is issued with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State retains the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be placed to beneficial use upon the described lands and is not to exceed five-ninths of three fourths or 5/12 of the total flow of said Illipah Creek. The actual amount of water used must be shown in the Proof of Beneficial Use when filed.

Actual construction work shall begin on or before August 6, 1948

Proof of commencement of work shall be filed before September 6, 1948

Work must be prosecuted with reasonable diligence and be completed on or before August 6, 1950

Proof of completion of work shall be filed before September 6, 1950

Application of water to beneficial use shall be made on or before

August 6, 1952. Proof of the application of water to beneficial use must be filed with State Engineer on or before September 6, 1952.

Proof of commencement of work filed AUG 16 1948
Proof of Completion of work filed AUG 14 1950
